# T7 Plus

35-key integrated terminal with high-performance printer

## Delivers Fast Authorizations

The Hypercom® T7 Plus builds on the heritage of Hypercom's popular T7 family of terminals. This newest model is designed for merchants requiring a compact countertop POS terminal accepting all magnetic stripe cards and delivering fast online transaction authorizations.

## "The Clam That Won't Jam"

The revolutionary SureLoad™ printer prints in half the time of previous-generation printers. And it allows paper rolls to simply be dropped in place without feeding through slots and rollers. It also supports longer paper rolls for fewer paper changes and its see-through paper holder alerts cashiers to low conditions before running out of paper in the middle of transactions.

## Supports All Card Types

The T7 Plus supports magnetic stripe and smart cards and is EMV4.0-certified. Its 35-key keyboard initiates daily functions and transactions with one simple step and is compatible with previous T7 software, thus reducing certification requirements and training issues.

## Specifications:

### Display

LCD: 2 lines x 20 characters (standard), 4 lines x 20 characters (optional); backlight reliable to 50,000 hours (half-life calculated)

### Keypad

Elastomeric; 35 keys, water-resistant; 19 keys, 3 soft keys (optional); reliable to 500,000 keystrokes (calculated)

### Card Reader

Magnetic stripe: Tracks 1, 2 (standard), Tracks 1, 2, 3 (optional); reliable to 400,000 reads (calculated)  
Chip/Smart card interface: non-captive; ISO 7816; EMV-compliant;  
SIMMLOCK: 4 SAMs

### Communications

Modem: 56k (optional); 1200, 300 bps (standard); synchronous (SDLC) & asynchronous; 2400 bps (optional)  
PIN pad port: 2-wire or 4-wire;  
RS-422, RS-232 with power or RS-485 2-wire drop LAN & RS-232 without power  
Peripheral port: compatible with S7C, S7SC, S8, P7E

### Printer

SureLoad clamshell design, drop-in loading, thermal technology, 384 dots per line, paper roll 57 mm wide x 80 mm diameter

### Memory

RAM: 512 KB (standard), 1.0 MB (optional)  
RAM backup: 5-year battery  
EPROM: 32 KB

### Power

AC: 100-240 V, 50/60 Hz  
DC: 24 V, 1 A

### Security

Physical: intrusion detection  
Key management: master/session keys (12) or DUKPT

### Footprint

10.0 in x 5.18 in x 2.5 in/25.4 cm x 13.2 cm x 6.35 cm

### Weight

1.5 lbs/0.68 kg approximate

### Environment

Temperature: 0-45°C/32-110°F  
Humidity: max 85%, non-condensing  
ESD: 12,000 volts

### Reliability

80,000 hours (MTBF calculated), excluding printer
